GRI TRANSACTION TECHNOLOGY

Do the tech tools you use need a reboot?

With over 70% of buyers and 75% of home sellers turning to the Internet to find a real estate professional, today's agents must have a clear understanding of the tech tools available to help them be more efficient, more productive and reach more clients.

THIS ONE DAY COURSE WILL FOCUS ON:

- ✓ Increasing your responsiveness and client involvement by utilizing today's technology.
- ✓ Getting the most of your online profiles.
- ✓ How to setup and run a paperless office.
- ✓ Popular productivity apps for any device.
- ✓ Showing you how to use REALTOR® Property Resource (RPR), Evernote and Realtor.com to improve your listing presentation and better serve your clients.

// You can serve your clients better when you are more prepared, which leads to more referrals, and the GRI Transaction Technology course is a step towards the knowledge you need to better serve our industry. //
